

23rd EDITION OF THE INTERNATIONAL CONTEST THE LEADER OF INNOVATION® 2025

It has been organized since the year 2001.

The contest of open character, therefore both natural and legal persons who comply with the conditions of rules and regulations are welcome to participate.

It is a honorary title, and the right to use it is regulated by the rules of using a word and figurative trademark, registered in the Polish Patent Office.

It is granted for particular merits in the area of inventions, with the aim of honouring, and promoting individuals and institutions, whose activity contributes to the development of inventions and their implementation as well as to the promotion of inventions, innovations, and innovativeness in and out of Poland. The Chapter of the contest "LEADER OF INNOVATION" nominates natural and legal persons for the title of "LEADER OF INNOVATION" in the following categories: technology, ecology, product, institution, enterprise, pro publico bono, innovation manager, entrepreneur, personality, female inventor, and young inventor.

Official results will be announced during the INTARG® 2025 and also published on the website www.haller.pl
